## Insurance Report

The Waterloo Farm Museum is continued being insured by Abbott Filmore Insurance out of Stockbridge, Michigan. Due to high cost and continued increase of costs, we are looking into other companies to insure us. A document was filled out several weeks ago with the Nonprofits Insurance Alliance Group to see what they have to offer. No Reply has yet to be gotten. We are also looking into other area museums to see what type of insurance they carry and their costs as well. We are hoping to have the insurance coverage updated by the end of the summer.

Respectfully Submitted,
